

SUPERSLAM

SUPER SLAM

Berlin based Supersport have a height adjustable coilover kit that has been precision made to comply with strict German TÜV standards and yet sells for less than many 'ordinary' suspension kits! Supersport have just added the VW Golf Mk4, Peugeot 206, Honda Civic EP and Audi A4 (95-99) to its range of 'Race' coiloverkit applications. These kits will lower the car by between 25 up to 65mm front and rear depending on application.

Adjustment is easy. Run it with the minimum drop for everyday driving - that will cope with speed bumps and rough car parks - then whip out the C spanners drop it by up to 65mm for cool cruising and showtime. Priced from £309.99 plus VAT to £349.99 plus VAT, Supersport coilovers slam their prices as much as their kits will slam your customers' cars.
